

# CAPSTONE PROJECT: FINAL SUMMARY

Your Name:

Type of Capstone (research, teaching, practical application):

Capstone Project Title:

## INTRODUCTION

- **Proposal Introduction** – Description of project and the outcomes you projected to achieve in your Capstone Project Proposal. This section should answer the following:

- **What?** *Be sure to include specifics for each of the following:*
  - What did you do for your capstone project?
  - What global, international, or intercultural topic does your capstone address?
  - What were the specific goals/outcomes you were seeking to achieve from the outset of your project? Assess these goals...were they achieved? Yes or no? Why or why not?

**Research Projects:** Include (1) your abstract & describe how your research was presented [e.g. participated in Undergraduate Research Symposium, published in Undergraduate Research Journal, etc.]; (2) any additional information which explains the project in the context of GLCP.

**Teaching Projects:** Include (1) title and course description for the class you taught; (2) summary of what students learned from the class; (3) any additional information which puts the class in the context of GLCP

- **Why?**
  - What was the purpose of your project?
  - Why did you think it important and/or relevant to take on this project?
- **How?**
  - How did you go about organizing your project?

# CAPSTONE PROJECT: FINAL SUMMARY

## SELF- ASSESSMENT

- **Self-Assessment** – Your own reflective self-evaluation. Include:
  - Summary of feedback from you mentor
  - Summary of feedback from those who were the target of the project (*if applicable and/or possible*)
  - Summary on the development of your leadership skills (*refer to capstone proposal, specifically the leadership skills section*)
    - What leadership skills did you hope to improve and/or gain?
    - Did your leadership skills improve? If so, how? If not, why?
    - What do you think was your biggest leadership accomplishment? How were you able to reach this achievement?
    - After completing the project, what advice would you give yourself for future projects?
  - Summary of how you used or increased your international/intercultural knowledge
  - Final summary of what you learned, why it matters, and how you will use it in the future
