- Accessing your money: ATMs, credit cards, etc.

#### **HOST CULTURE**

- Crucial "no-no's" in host culture
- Important manners, acceptable behavior, appropriate dress, gestures to use or avoid
- Time and punctuality
- Eye contact with strangers
- Major holidays: Different from in the U.S.? Celebrated differently?
- Role of religion in daily life

- Support services abroad (counseling, study centers, clubs, continued resources here at UCI)
- Safety concerns and tips
- Keeping a journal
- Communicating with home: email, phones, postal system reliable? *Note:* Limiting your contact with home may allow you more time to engage with locals and with your host culture, which could enhance your experience.
- Yes, they are different, they are supposed to be!

### **PROGRAM-SPECIFIC ISSUES:**

#### **ARRIVAL AND START-UP**

- Who will be your primary program contacts? What can you expect from them?
- Orientation – What will happen? How long?
